SPRING 2024

ANIMAL Tales

Holiday party to celebrate our staff and volunteers was a great success! We had lots of food and gift cards as a token of appreciation for the hard work that volunteers do all year around. Happy Spring!

Highlighting our Residents

Michael is a distinguished gentleman with life time and wisdom to share. After a tumultuous journey that led him from the comfort of his previous owner's home to MCSPCA, Michael is ready to embark on his next adventure.

Despite his mature age (about 10) and the start of a kidney disease (normal for his age), Michael remains as spirited as ever. With his zest for life and playful demeanor, he's guaranteed to bring joy and laughter to any home lucky enough to welcome him

Michael is a social butterfly, neutered, micro-chipped, and up to date medically. His adoption fee is \$35.

Bubbles has been at the shelter for almost a year. We aren't sure of her background, we just know it was not good. She came from area where 5 other wounded pitbulls were found. She had awful bleeding wounds on her head and her ears were torn to shreds.

Since the day she came in Bubbles has been happy as if she had the best life in the world. However, she is very dog selective due to her prior trauma, we'd prefer her to be the only animal. She has been with Atlas Canine for boarding and training, as she was not thriving at the shelter.

Bubbles is 2 years old, 50 lbs, spayed, micro-chipped, and up to date medically. Her adoption fee will be covered by one of our volunteers.
